

INNOVATE FOR IMPACT

In just nine years of operation, the Tides Canada family of institutions has grown dramatically, and includes one of Canada's largest public foundations – Tides Canada Foundation. They have also fostered ground-breaking innovation in the sector through their operating charity – Tides Canada Initiatives – a mission-driven services organization. Tides Canada Initiatives is an innovative model that provides comprehensive infrastructure, organizational and governance support to 40 of the country's leading projects working to address the pressing environmental and social justice issues of our time. Help bring this dynamic model to scale nationally as their ...

DIRECTOR, TIDES CANADA INITIATIVES

Based in Vancouver and reporting to the VP, Business Development and Services, you will lead Tides Canada's operating charity. Provide facilitative leadership to an interdepartmental team that delivers a range of financial, governance, human resources and administrative support to projects. Work in active partnership with funders and social entrepreneurs to shape new initiatives and promote the benefits of a shared services model. Develop strategic partnerships and programs within the Tides Canada family of institutions to build capacity for the charitable sector.

You have a Master's degree and 10+ years of recent, related experience in community and organizational development. Your demonstrated track record in leadership, management, and developing and implementing financial sustainability strategies has improved the non-profit/philanthropic sectors. You are knowledgeable of the applicable federal and provincial legislation, and of the current challenges and opportunities facing the charitable sector nationally. Seize this opportunity to innovate for impact.
